"The Towers was awesome! I was nervous going on the residential as I didn't know anyone but the staff were all so welcoming, the activities were so fun and it was all set up really well to get to know new people. I am now friends with 4 people from the residential. I have since been in contact with the centre to do some work experience as the instructors inspired me to look at the outdoors as a job after school."

Lewis, Gold DofE Student
